Ice sculpting

Let your customers, employees or meeting delegates unleash their creativity. Under the guidance of one of our expert ice artists, you can use ice sculpting tools to create incredible sculptures from a block of Torne River ice. Teams of three compete to produce the most innovative work of art from this crystal-clear ice, which is renowned for its excellent sculpting qualities. Ice sculpting takes 45-60 minutes, and can be arranged for groups of 18 to 60 people. Price: SEK 595 per person.
